I'm a Myanmar-based full-stack developer skilled in React for engaging front-end experiences and experienced in Node.js and MySQL for powerful back-end solutions. I'm dedicated to delivering seamless, user-friendly web applications and websites.

EDUCATION

Taunggyi university
Second Year, Physics

Due to the convergence of the COVID-19 pandemic and political situation, I had to interrupt my university studies in 2020. As I aspire to advance my education, I am in the process of preparing to study abroad. Moreover, I am dedicatedly enhancing my programming skills to achieve a more advanced level of proficiency.
